

Manzanita Super Nova

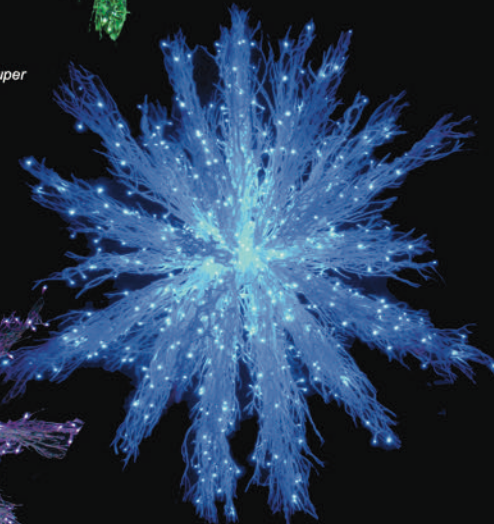

Crafted by hand, our **Manzanita Super Nova** is a 3D Starburst, perfect for the tops of any large trees. The vertical arms attach to a hanging central hub and can be easily wired for light show effects. Warm White LED mini lights are included. Swap out warm white for colored or RGB lights to create an exciting colorful display.

The Venetian - Las Vegas, NV

Add RGB or colored LED mini lights to white Super Nova for a dramatic colorful effect.
