Let Barrango bring imagination to life with an elegant and original eye-catching carousel for your business. Our carousels are custom built at our facility in South San Francisco and can be shipped all over the world. Each design is possible with variety in options to fit any budget or theme.

We offer three different size carousels:

- 20' diameter with two figures side by side in each row
- 25' diameter with three figures side by side in each row
- 30' diameter with four figures side by side in each row

Barrango carousels contain all of the beauty and detail you expect. We have carefully selected items from the finest regional vendors. Designs with authentic, hand-painted, hand-carved horses, hand-painted stylized signs and ornate panels. Barrango carousel carousels such as "The Old West", "Carnival", and "Story" are all represented in our collection.

We can customize your carousel to fit your vision, with you being able to incorporate specific landmarks, scenes or figures. We have signposts, hand-painted, and artwork on staff to custom design virtually anything - from animals to cartoon characters - for your carousel.

Barrango has created and inspired the beautiful Spanish-themed carousel at the Irvine Spectrum in Irvine, CA. We've designed and built custom carousels including the vibrant and enchanting "Wizard of Oz" themed carousel originally created for Universal Studios in Osaka, Japan, a colorfully illustrated "Circus" themed carousel originally located at the Warner Bros. Theme Park in Düsseldorf, Germany that Barrango has replicated at Tokyo's Santa Fe City and even a beautiful classic carousel for The Sultan of Brunei.
