

Barrango

2025 CATALOG

Family Owned & Operated for 120 years!

BARRANGO COMMERCIAL CHRISTMAS DECOR

Barrango can design and produce virtually anything you can imagine for your business' seasonal display and décor needs. Our work is known for its incomparable quality and artistry. We have installations all over the globe so it's likely you've already seen our displays in city centers, plazas, hotels, shopping centers, casinos, amusement parks and other public places.

Operated by the fourth generation of Barrango's with over 120 years of expertise, we are ready to bring your vision to life and provide you with stunning displays. Each piece is hand crafted in the USA by artisans who have been a part of our family for years.

MADE IN THE USA

Everything you see in this product book is manufactured in South San Francisco, CA, USA - in our 20,000 square foot design center and factory. We consider each piece a labor of love created by our team of designers, crafts people, and engineers - while keeping in line with our core values of fine quality, unique design and customer satisfaction. These values originated with our founder Carmen Barrango in 1906 and we're proud to say they continue on today.

TERMS & CONDITIONS

PRICING

All prices quoted in this catalog are FOB shipping point (South San Francisco, CA - USA). All prices are subject to change without notice.

SHIPPING

All Freight Charges are the responsibility of the purchaser. Since all prices are quoted FOB shipping point, the title to the product passes to the buyer upon pick up of the merchandise for shipment by the carrier. It is then the buyer's responsibility to file any freight claims for lost or damaged items within 48 hours of receiving the shipment.

PRODUCTION SCHEDULE

All items and orders are made custom to order unless otherwise specified. Production times vary at different times of the year. For the typical size order, please allow 2 - 4 weeks production time from January to May and 6 - 8 weeks from June to December.

PAYMENTS

All items require a fifty percent (50%) deposit to place the order into production. Barrango accepts Wire Transfer (ACH Deposits), Cash, Checks or Credit Cards.

Existing Customers: On approved open accounts, Terms are NET 30 Days following the final balance invoice upon shipment of an order. A monthly penalty of 1.5% will be charged on Past Due Balances (18% annually).

New Customers: Terms are final balance payment due prior to releasing the shipment from the factory.

Barrango

GREEN FOLIAGE

Barrango greenery is some of the most rich and lush you will find available. We use a thicker than industry average, UV resistant PVC for our foliage. We can run light green, dark green, white, gold, silver or combinations of PVC material into the first machine which cuts, winds and spins the PVC material into long strands which are then fashioned into Christmas trees, wreaths, sprays or garlands. We custom manufacture different styles of foliage: **Mountain Pine**, our classic most natural look; **Sierra Pine**, our shorter needle topiary style foliage; and our **Canadian Pine**, used mainly for our spectacular Light Show Feature Trees.

All of Barrango Giant Christmas trees are made with an engineered solid steel framework using individual branches that hook on and come straight out. Using our Mountain Pine branches, which alternate in length, we can create a full-realistic looking tree, creating natural spaces throughout the tree for larger ornamentation. Or, with our Canadian Pine branches, we can create a uniform branch that helps to evenly spread out all the RGB pixel lights throughout the tree, generating a fully motion graphics capable lightshow set up.

Remember that Barrango can fully customize your Christmas tree, from branch style/color, LED lights and even decorations pre-installed on the branches, to help you make your holiday installation a breeze.

Our in-house machinery cuts and winds rolls of PVC vinyl into lengths of foliage to fashion into garlands, wreaths, sprays, trees and branches.

In the next step, different machinery takes in the long run of foliage and begins to cut and build it into thick garland lengths.

Finished garlands await final lighting and decorating before shipment.

MOUNTAIN PINE TREES

Barrango manufactures all greenery in-house at our South San Francisco factory. The **Mountain Pine** style is our most natural looking. Our combination of Light and dark greens give these trees a very realistic look; or any custom PVC colors can be used with advanced orders. All come with a steel square base and are available your way - plain, lighted, decorated, or even flocked!

MOUNTAIN PINE WREATHS

These **Mountain Pine Wreaths** are all custom made to order and can be as large as you need! From small doorway entrance wreaths to ones large enough to drive through, we can make these any size to fit your space. All start on a custom welded steel framework with our specialty PVC foliage applied by hand. As usual, all are available plain, lighted, decorated or flocked. Don't forget to ask about the proper sized bows to match your decorations.

MOUNTAIN PINE SPRAYS

Lush full **Mountain Pine Sprays** are perfect for hanging from sconce lighting, lamp poles, entry ways and so much more. Using the same UV & Fire resistant PVC material from our trees, Barrango can create these custom sprays to any size or shape that you require. All are made on steel rebar spines so they are sturdy enough to last for many year. And as always, are available plain, lighted, decorated, or even flocked!

SIERRA PINE CONE TREES

For a manicured look, try our short needle **Sierra Pine Trees** for a Christmas Tree with a very small diameter footprint. These cone shaped trees are built on a steel armature and need no base to stand up. The topiary style needles are perfect for using the foliage or as a base layer to tuck in all sorts of decorations or even real ivy. All are available pre-lit or pre-decorated. And Ask about custom bases!

LARGE CHRISTMAS TREES

Barrango manufactures the most life-like **Large Christmas Trees** available on the market, and with long lasting durability. We use solid steel structures for the framework instead of lightweight aluminum. Each branch gets lit and decorated before installing onto the framework which fully lights and decorates the tree before it is installed. The alternating length branches help create the natural look to our trees.

City Center DC - Washington D.C.

Santana Row - San Jose, CA

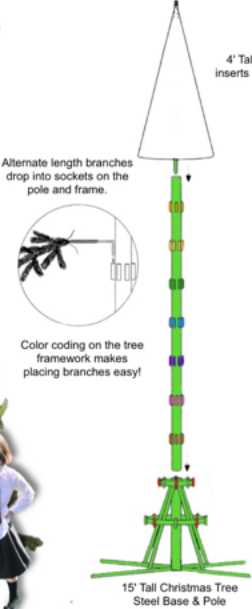

Ghirardelli Square - San Francisco, CA

SIZE	DIA	BRANCH COUNT	PLAIN COST	LED COST	+ DECOR	+ EXTERIOR USE
10'	5'	48	\$2,450	\$4,150	+ \$1,680	+ \$570

20' Tall Christmas Tree

Alternate length branches drop into sockets on the pole and frame.

Color coding on the tree framework makes placing branches easy!

15' Tall Christmas Tree Steel Base & Pole

4' Tall Tree Topper inserts into top of pole.

GIANT CHRISTMAS TREES

Our **Giant Christmas Trees** all use the same alternating Mountain Pine Branches, which is what give these huge trees the natural look. Built with a solid steel cone structure, which can be climbed on during installation, we have produced Giant Christmas Trees for all of the world - the Largest at 145' tall in Guatemala City, Guatemala.

Macy's - Union Square SF, CA

BMO Tower - Sacramento, CA

Neiman Marcus - San Francisco, CA

SIZE	DIA	BRANCH COUNT	PLAIN COST	LED COST	+ DECOR	+ EXTERIOR USE

Mountain Pine Branches alternate lengths for true life-like depth and realism.

We have giant trees engineered up to 145' tall!

CANADIAN PINE TREES

Our **Canadian Pine Tree** uses standard length, bushy branches. The twigs are longer on this style making for less fluff work and any branch can go anywhere on the tree frame - no need for color codes. Canadian Pine trees create a life-like tree that is perfect for using on an RGB lightshow project, as shown in Guatemala City, Guatemala on our 145' tall Arbol Gallo.

Arbol Gallo - Guatemala City, Guatemala

LIGHT SHOW CHRISTMAS TREES

Add some High-Tech to your Christmas Display! **LED Light Shows** are a great way to entertain your shopping guests with hourly shows when the lights 'perform' to synchronized music. With RGB LED lighting you can create a video capable screen of lights on the tree, to display images, patterns and even logos. Custom Show Toppers are also available. Check out our videos using the QR links below.

Manzanita Super Nova Tree Top

844801	48" dia	6 arms	\$1,575
847201	72" dia	8 arms	\$2,375
849601	96" dia	10 arms	\$3,135

Each arm of these tree toppers creates a channel for show programming; and sockets vertically into a base.

Light Show Star Burst Tree Top

104877	48" dia	12 arms	\$5,670
106077	60" dia	14 arms	\$6,300
107277	72" dia	16 arms	\$7,200

The Arbol Gallo in Guatemala City, Guatemala - A 145 foot tall lightshow tree! Before RGB, each branch was triple lit with a string of each: white, red & green LED mini lights. All connected to controllers & computers to perform linear lighting effects.

20' tall Christmas Tree with RGB pixel bulbs playing special motion capable effects, like fades, swirls, vortex and an American Flag.

RGB Pixel lights - every bulb on the string can change colors individually - up to 16 million colors!

Scan to view the RGB Pixel lights in action!

Barrango

MANZANITA

Manzanita is a wild shrub that grows heavily in high altitudes in the Gold Country of Northern California. Even though Manzanita is strong, its flexibility makes the branches a perfect material for décor. Twigs are attached to steel wire frames welded by one of our artisans. This allows the Manzanita to be molded into virtually any shape.

Although we can paint Manzanita in a variety of colors including gold, silver or copper, most clients choose white to evoke a Winter Wonderland feel to their display.

All Manzanita items can be customized by size or shape, since we are not limited by a mold for production. Each Manzanita display item is an original work of art, made by hand, just for you, in the USA!

Ahead you'll see the many ways we've fashioned Manzanita into eye-catching, artistic décor. We've created a selection of trees, garland, wreaths, snow balls, stars and more. Our life-size Manzanita Deer is our most popular, available in any pose: standing, prancing, jumping, reclining or grazing. Also available in giant 25' tall size for outdoor settings.

Each Manzanita item begins with our artisans welding together a steel framework for the base shape.

Next, they apply the cut Manzanita twigs artistically by hand to the framework, ensuring to fill in the piece completely.

Finally, each item gets LED mini lights installed and painted by hand.

LARGE MANZANITA TREES

For a completely different Winterland look and feel - try our **Natural Manzanita Large Tree**. All made the same as our green trees, but with natural manzanita wood material applied to armature branches. Each piece is hand crafted, lighted and painted by our in-house artisans. Lighted with LED mini lights, or RGB lights, Manzanita painted white gives a sizzling wintery effect.

MANZANITA WREATHS

Create a fantastic Winter Wonderland look with these hand crafted white **Manzanita Wreaths** and **Garlands** in place of traditional greenery. Natural Manzanita is harvested in the Gold Country, CA at the Barrango Ranch. This material is dried and hand-applied to steel armatures to create any shape you desire in this Manzanita natural look. Add gold or silver paint for an elegant feel. Warm white LED mini lights are included with each.

OVERSIZED ORNAMENTS

Let us help create your custom decor incorporating a giant Oversized Ornament theme. Giant ornaments can compliment any holiday display, bring fun and whimsy to your setting.

From classic Ball Ornaments to shining Stars and beautiful Bells, we have the perfect combination of ornamentation for your display.

Hang many oversized ornaments from atrium ceilings or use them on the ground floor with the included bases. Create a custom scene with several different ornament options, or simple piles of ball ornaments in 3, 4 or 10-ball stacks. The glitter finish is inside the resin, so it cannot flake off or fade over many years of use. And the stacks include a framework so the pile cannot come apart.

New for this year - a 60" ball ornament size has been created to compliment the full line up of sizes. Also custom designed ornaments or even special messages or logos can be applied to any ornament - making a great branding or Instagram photo spot.

All ornaments ship assembled whole, except for our largest 84" Ball ornament - which does require assembly on-site. We can work with you to arrange shipping these giant pieces safely in full containers or LTL freight.

Custom glittered Star ornaments hanging to dry in factory.

Giant gold leafed bell ornaments in 8 and 10 foot tall sizes.

Giant 84" Ball ornaments on pallets awaiting shipment.

BALL ORNAMENTS

Giant Classic Christmas **Ball Ornaments** are made in durable fiberglass and in sizes up to 84" diameter. The glitter finish is inside the resin, so these are perfect for outdoor use as the glitter cannot flake off. Each ball ornament comes with a base to be used on the ground floor display or can be hung from above. Custom brackets also available for pole mounting giant ornaments as shown below.

FIBERGLASS

We have an extensive collection of molds to create the following pages of fantastic fiberglass props. From vintage toys to giant Nutcrackers and Toy Soldiers, we manufacture all the items you need to bring the spirit of the season to your venue.

How about creating your own Toyland filled with classic toy blocks, giant gift wrapped boxes or a classic giant teddy bear? Create a full Candy Land with sweet elements like ice cream cones, candy canes and giant gum drops. Or a natural forest filled with tree trunks, foliage and rocks - we have all the necessary items to create a fully immersive environment for your shoppers.

The complete process takes place in our South San Francisco, CA factory where our artisans are skilled at producing and finishing these fiberglass marvels. We have in-house sculptors, welders, fiberglass technicians and artists to bring your custom vision to life.

Don't forget that every piece is 100% made in the USA to order. Our staff will customize your décor and display to virtually any vision you might have.

Our options are expansive but if you don't see what you're looking for please call us to discuss. Our goal is to give our customers the very best experience as well as a visually memorable display that resonates with your customer.

Giant Fiberglass Teddy Bear in production in factory.

Finishing touches get put on the Toy Soldiers and drums.

Gold leaf is hand applied to a giant Angel figures.

TOY LAND ITEMS

Create a complete **Toy Land** themed area for your Santa Claus photo moment. We have many types of animated toys like jack-in-the-box or rocking horses. Flank your entrances with Toy Soldiers. Books are perfect for platforms for elevation, with the back sides open - and the giant open book is great for story time backdrops for libraries. We can have anything you like on the pages or cover of the books.

PINE CONES

These oversized natural looking **Pine Cones** help to create a fantastic forest setting. Available in two size ranges and a variety of colors and finishes, including metallic leaffing or glittered tips for an elegant look and feel. Pine Cone length is made by stacking rings of the petals around a base - custom lengths result in a long skinny 'sugar-pine' style pine cone.

Giant pine cones include steel base

Barrango

SPRING & EASTER

As the season gets warmer and brighter, it's important to add the right seasonal décor to your venue that's inviting and picturesque to your customers.

Barrango has you covered with an abundance of beautiful Springtime décor. Easter is prominent in our décor options with a variety of bunnies and giant colorful Easter eggs and carrot tops. Bunny characters can all be static or animated performing different actions like coloring eggs or painting a picture.

We also have a wide range of petunia flowers and mushrooms to create a spring garden. Incorporate spiral and other shaped topiaries to compliment your Spring setting. Or go under-the-sea with our giant fiberglass fish and sea shells!

The complete process takes place in our South San Francisco, CA factory where our artisans are skilled at producing and finishing these fiberglass marvels. We have in-house sculptors, welders, fiberglass technicians and artists to bring your custom vision to life for the Spring.

Don't forget that every piece is 100% made in the USA to order. Our staff will customize your décor and display to virtually any vision you might have.

Ten Egg Stack of 48" tall Easter Eggs in production at factory.

Assortments of giant Petunia Flowers with stems for Springtime.

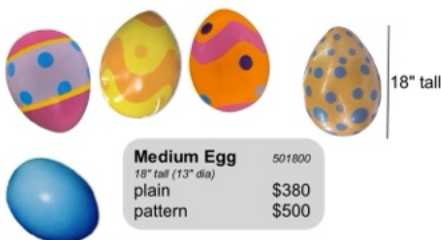

Easter Eggs hang dry in factory after final design painting and clearcoat.

GIANT EASTER EGGS

We offer giant fiberglass **Easter Eggs** in several different sizes up to 48" tall! Plain cost is for a single pastel color with an iridescent glitter coating on top; or choose a detailed pattern and color combos to create fun Springtime decor. For a fun Easter art project, we can provide these eggs in primer white ready for artists or the public to decorate.

Barrango

CAROUSELS & CAROUSEL ANIMALS

The carousel remains in our hearts and minds as an everlasting image of all things fanciful. Whether you desire a complete machine, replicas of 19th century animals or the production of your own vision, Barrango has the talent and ability to meet your needs!

Barrango carousels contain all of the artistry and detail you expect. We have carefully cast molds from the finest original carousel designs with authentic detail including cornices, horses, menagerie-style animals and scenery panels.

We offer three different size carousels:

- 30' in diameter with two figures side by side in each row
- 38' in diameter with three figures side by side in each row
- 50' in diameter with four figures side by side in each row

Our carousels are entirely built at our facility in South San Francisco and can be shipped all over the world! Each design is available with a variety of options to fit any location or budget.

BARRANGO CAROUSELS

Barrango Carousels has meticulously taken molds from classic Dentzel carousel animals, scenery, rounding boards and panels - even the wood deck - to make exact replicas of these classic merry-go-round amusement park rides. We offer 3 size carousel machines - 30' (2 animals abreast); 38' (3 animals abreast); or 50' diameter (with 4 animals abreast).

CAROUSEL HORSES

These classic **Carousel Horses** have been carefully molded from the collection of antique originals from the 1800s. These include ornate saddles, striking manes, bejeweled blankets and tassels with colorful armor. Classic carvers are all represented in our collection, from Dentzel, Looft, Illions, PTC and more.

INSTALLATION TIPS

We know that holidays are a hectic time in your business, and we want your decor installation to go as smoothly as possible! The following tips will hopefully ensure that you won't tear your hair out in the upcoming stressful weeks ahead.

Receiving your Shipment

As merchandise is removed from the delivery truck, check each piece against your packing list. (A packing list will also be emailed to you when the shipment leaves the factory.)

If you notice any obvious damage to any boxes, immediately open that box and check to see that the merchandise inside is not damaged. Any obvious damage must be noted on the carrier's delivery receipt. Damage discovered after unpacking must be reported to the carrier in writing within ten (10) days of receipt of merchandise. Claims for errors or shortages must be made to Barrango in writing immediately.

Taking the time to check off your shipment when it arrives will give you the opportunity to organize it as it is removed from the truck and make removal to an organized storage or staging area much easier.

Maximize Your On-Site Supervisor

If On-Site Supervision is included in your contract, we would like to clarify what that entails. On-Site Supervision is defined as a Barrango representative used for the sole purpose of giving on-site directions and instructions to your personnel used as labor to do the actual unpacking and installation of the decorations. Because your personnel work for you, we do require that you are also present while our supervisor is on-site.

Have ALL boxes out and ready to go, BEFORE the supervisor arrives. He or She has only a limited amount of time with you to ensure that your decor achieves the maximum impact. Don't waste this limited time by having to move boxes to and from.

Be Sure You Have Wheels...

Having plenty of flat hand trucks, dollies and/or carts available to transport the decor is vital! Also, if you are installing overheads, you will most likely need an electric lift.

Try to think ahead about the merchandise that you will need to move to various areas. The more equipment you have available, the quicker the process will be.

When your merchandise is delivered, categorize it by unit type as it comes off the truck and is placed in your storage area. For instance, all of garland "Unit A" items should be stored in one area, all of the props for the Santa Area in another, etc...

Taking the time to sort it properly will allow you to orchestrate a speedy installation.

The Tool Box...

Put together a small tool box to be used by the installation crew. You can lose hours going back and forth for small items such as hammers, screwdrivers, wire, etc...

We recommend you include the following items:

- Screwdrivers
 - Wire & Wire Cutters
 - Wrenches
 - Scissors
 - Pliers
 - Hammers
 - Nails
 - Eye Bolts
 - Gloves for Workers
 - Duct Tape / Electrical Tape
 - Extra Extension Cords
- If installing a 20' or taller tree, you will also need:
- Ratchet Wrenches
 - Safety Lines
 - Hard Hats for Each Worker Climbing on the Tree Frame

Install Your Anchor Points

Install your anchor point hardware for your overhead units as soon as you receive your installation drawings. DO NOT try to install your anchor points at the same time as you are installing the decor. It will take too long if you try to do both at once. Some Centers actually install their hardware along with the necessary power requirements and extension cords which can be discreetly taped into place, or permanently installed. This pre-installation will make you decor install go very smoothly.

A Note about 'FLUFFING'

Now, a few words about "fluffing". Nobody really likes to fluff, but taking a few minutes with each and every garland, wreath or tree limb can truly make the difference in presenting an absolutely spectacular program. Oftentimes, the tree or garland can be somewhat matted during shipping. We recommend that you have your installers give each piece a little bit of attention.

The greenery is made on wire, which is very flexible. Straighten out the branches and twist every other one around so that it faces the opposite direction of the one above it. For trees larger than 10 feet tall, the removable branch limbs should almost resemble a small tree, with some tips pointing up and some pointing down.

The varying levels of branches will aid in the trees realistic appearance and will also help to hide the pole and electrical outlets. Be sure that your "fluffers" pay attention to every single branch for the best results!

Box Runs

As the installation is in progress, have one crew assigned to do 'box runs'. Their job is to pick up all of the empty boxes and wrapping materials and place them back into your storage area by category as the decor is going up. They should make sure that the box is completely empty, and that no cables etc. have been left behind in the wrapping.

Let It Snow! Let It Snow! Let It Snow!

Snow Blankets look best when it is made to look like snow drifts. Add a thick coating of your granulated scatter snow flakes over the blankets. We suggest that you make a "scoop" out of a piece of cardboard and simply throw shovels of snow onto the blankets for a realistic appearance. If you choose, you may scatter additional iridescent snow flakes on top of the granulated "finishing" snow for an added sparkle.

If "snowing" an animated scene, be sure to keep 'snow' away from motors and other moving parts.

Extension Cords...

Purchase your extension cords and outlet boxes IN ADVANCE of the installation! Don't wait until the night of the installation to figure out what you will need.

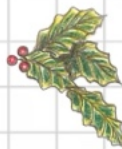

Happy Holidays to You!

The craftsmen, artists and staff at Barrango very much appreciate your business and hope that you will be pleased with your new custom decor program.

We value your patronage and look forward to serving you for many years to come.

NOTES & INFORMATION

WARRANTY INFORMATION

Barrango declines liability responsibility related to the product use. Purchaser should determine suitability of installation for the application of any product herein and assumes all risk and liability whatsoever in connection there within.

A warranty is included to the original buyer that all displays and props are free of manufacturer defects. Under normal condition of use, this protection extends for 1 full year on all products. Please note that Barrango products are of a very high quality and can last for 10 or more years easily, if properly installed, maintained and stored.

This warranty does NOT apply to LED or incandescent light strands or light bulbs.

Obligation under this warranty is limited to repair or replacement of any part that is found to be defective or incomplete. It is the company's obligation to repair/replace on a Non Pro Rated Basis.

Labor to install and shipping costs are also NOT included under this warranty. Light Bulbs, Electrical or other damage caused by mishandling of the product by the buyer, weather related events, or while in transit is NOT covered in warranty.

All Merchandise is carefully inspected, photographed and packed in an approved manner when it leaves the production factory.

NO Returns are accepted on merchandise. Barrango will work with you to rectify any warrantied problems in a timely manner for up to 1 full year from the date of purchase. If buyer chooses to send items back to the factory for repair, shipping costs are the buyer's responsibility.
